

VERCO

LOADERS

A GRYB COMPANY

LIFTING EXPECTATIONS

160/160PH SERIES

LIFTING EXPECTATIONS

The SERCO 160 and 160PH are extremely popular models in the Western U.S. and Canadian forestry industry. They've also been a great fit for utility companies, heavy construction, and railroad applications.

Lift Capacity

Up to 17,797 lbs. lift capacity (less weight of attachment).

Rotation

400 degree rotation with mechanical stops and in-line hose swivels.

Boom Reach

25 ft. knuckleboom or 29 ft. reach with optional telescopic boom.

Stabilizers

Fold-a-way type stabilizers with 14' 6" spread.

Hydraulic System

- Triple gear pump.
- Operating pressure: 2,450 PSI.
- Stack type control valves located under seat.
- 55 gallon in-frame hydraulic oil reservoir with high-capacity, 10 micron return filter and removable access cover.
- Four-wire reinforced hydraulic hose in all pressure applications.

Options

- Various grapples and attachments.
- Remote truck frame mounted hydraulic oil reservoirs.
- Hydraulic oil coolers.
- Continuous rotation with hydraulic collector.
- LED light kits.
- Telescopic boom.
- Mechanical outboard joystick control package.
- Operator's cab.
- Seat belt included.
- Magnet generator packages.
